## OBJECTIVE

I am a self-motivated and adaptable individual who delivers results in any circumstance. I actively seek entry-level opportunities to grow my skills and contribute to an organization's success. I pay close attention to detail, learn quickly, and eagerly take on new challenges.

## EDUCATION

**Bachelor of Technology in Computer Science Engineering**, Brainware University 2021-2025  
Specialization: [AI/ML]

**Intermediate Science (Maths)**, BSEB Board 2019-2021

## SKILLS

|                      |                                        |
|----------------------|----------------------------------------|
| Front-end            | HTML, CSS, JavaScript                  |
| Back-end             | Python, Pandas, Numpy                  |
| Database             | MySQL                                  |
| Programming Concepts | OOPs Concepts                          |
| Tools                | AI Tools, Tableau, Git-GitHub, VS Code |

## EXPERIENCE

**Industrial Training** Aug 2024 - Oct 2024  
WebGuru Infosystem ([Certificate](#)) *Sector V, Kolkata*

- Completed 3-month AWS Industrial Training at WebGuru
- Gained hands-on experience with EC2, S3, RDS, and CloudFormation
- Trained in deploying, managing, and scaling cloud environments.

**Internship** Aug 2024 - Sep 2024  
CodSoft ([Certificate](#)) *Remote*

- Completed 1-month online internship focused on HTML, CSS, and JavaScript
- Acquired practical front-end experience through real-world project tasks

## PROJECTS

**Churn Analysis-Customer Intelligence.** Performed end-to-end customer churn analysis using SQL, Python, Pandas, and Matplotlib to identify high-risk customers, churn patterns, and key retention opportunities.. ([Try it here](#)) July-Present 2026

**Netflix Show clustering.** Conducted exploratory data analysis on a dataset of 9,800+ movies using Python, Pandas, and Seaborn to visualize actionable insights on genres, popularity trends, and audience preferences. ([Try it here](#)) Sep-Oct 2025

**RAG-Based AI Chatbot.** Engineered a real-time web chatbot using Python, LangChain, FAISS, Flask, and OpenAI API to retrieve context-aware answers from PDF and text datasets. Implemented vector search + LLM response fusion to reduce hallucinations and deliver accurate, conversational outputs through a clean, responsive UI([Try it here](#)) Oct-Nov 2025

## CERTIFICATION

- Data Analytic Job Simulation - Deloitte ([Certificate](#)) July 2025
- Cloud Infrastructure 2025 Certified Data Science Professional - Oracle ([Certificate](#)) Aug 2025
